"When I first saw you, I figured this guy looks like he has good taste in music, but after having you play at my wedding, oh my God. I think we're like two peas in a pod. You have exactly the same taste in music as I do. It was wonderful and it made the day for me to have all those tunes played! You were simply amazing! You got everyone on the dance floor and read the crowd so well and listened to everything we wanted. You made our night so special."

"Steve was our DJ at this birthday party in the UN for our client who is an ambassador. Steve played all the music we asked for, including the cocktail hour's water music and drove the crowd crazy with "out of this world" dance music, catering to the age group we had there. They kicked up their heels like I've never seen. Steve is the best at what he does!"

"Steve is an amazing DJ. He filled in for us at our weekly Bollywood dance party in Times Square. We didn't know it, but he has an amazing collection of Bhangra music and kept around 150 people dancing all night long!"

"The best! Music was one of the aspects of our wedding that we cared so much about. After a lot of searching, we found Steve and we're very happy we did! He was amazing to work with and came through with everything we asked for. He kept everyone dancing all-night long! He was also a great MC without being cheesy or annoying. "We worked with Steve for our wedding in North Franklin, CT. From start to finish he was professional, organized, and excited to work with us to make our vision come true. We had several meetings with him in advance where he worked out every detail with us. The party itself was a blast. Several guests told us he is truly the best DJ that we have ever seen. The party was perfectly paced, was high energy, the guests literally didn't leave the dance floor all night! Feedback from our guests: "incredible", "fantastic", "the best dance party I've been to in a long time". We would hire Steve again in a heartbeat. He exceeded our expectations."

"We just can't say enough about Steve . From the moment he started playing music, we knew he got our vibe. He played music during the cocktail hour we haven't heard in years, rare and special selections. He played a combination of dance music that included some international hits that our guests went crazy over. He read the crowd so well."

"Steve, you did an amazing job for my husband's 40th birthday party. We had an awesome time, as did so many of our friends, and now I have other friends starting to throw parties and they're asking about you. We thought you were great. I want to make sure you get the business and of course I want to hear you when I go to these parties!"

"DJ Steve is amazing. He's so professional and kept our guests entertained. He mixes music just like the big club DJs of the 70s and that's one of the reasons we appreciated his experience. He has a golden voice and kept our event on schedule with announcements. His sound system is like that of a big nightclub. I recommend him for any type of event."

"We've known Steve for a long time and have attended many of his nightclub events. He's truly the last of the legendary mixers of dance music and his sound system reminds us of Studio 54. I highly recommend him for any event that demands great dance music mixed flawlessly!"
